Debate covered issues of potential increase in noise and smell and the detrimental appearance of a building much increased in height, particularly from Grove Road and Melton Street, as well as the more positive aspects - the increased success and plans for expansion by a local employer with the potential to increase employment.

The meeting was briefly adjourned to allow members of the public to inform the meeting. There were no comments.

Cllr.Cox proposed that an objection be made on the grounds of potential noise and this was seconded by Cllr. F. Bruce. Resolved: 3 For 1 Against

It was agreed to express concerns regarding the visual impact of the building, in a Conservation Area. There were also concerns about the potential for increased smell (which has been mentioned to the Council in the past).

The meeting closed at 20.30.
